

You can help set the standard for person-centered care

The Mayer-Rothschild Foundation Designation of Excellence in Person-Centered Long-Term Care Project is developing a first-of-its-kind national standard of excellence in residential care for older adults.

GIVE YOUR RESIDENTS A VOICE IN THIS NATIONAL CONVERSATION

We are inviting interested assisted living and long-term care homes and communities to **facilitate a conversation activity with their residents** about the importance of various aspects of person-centered care.

READY TO GET INVOLVED?

Click on the link below to receive, download, and view the conversation guide. Participating sites will receive social media recognition materials that will let others know about your role in this important national work.

THE FUTURE IS PERSON-CENTERED

You can learn more about our team and project at:
